

Some of the websites we've been building.

We build websites for small businesses and look after the domain and hosting. Here are three examples of our work so far.

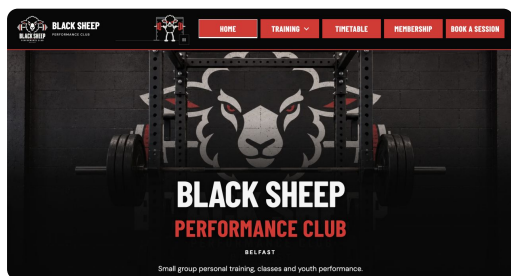

01

Brian Hogg

Heating and Plumbing

A website for an established trade business.

[Live website](#)

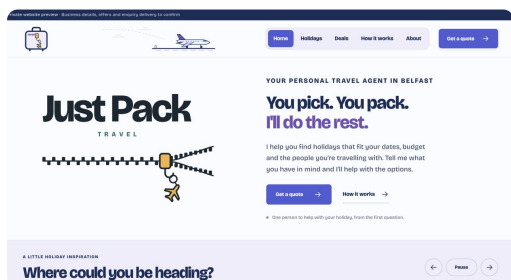

02

Black Sheep

Performance Club

Training pages and an interactive timetable.

[In development](#)

03

Just Pack Travel

Our own travel business

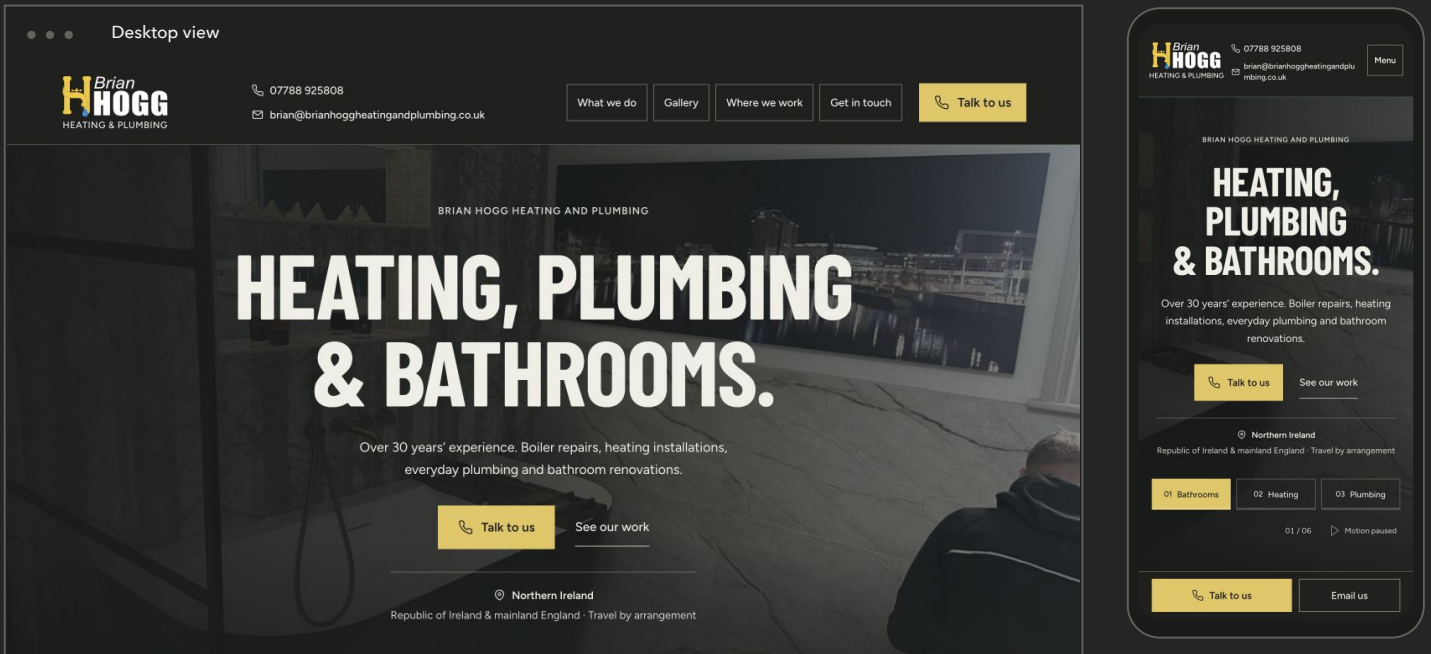

A travel website with destination inspiration.

[Private preview](#)

BRIAN HOGG

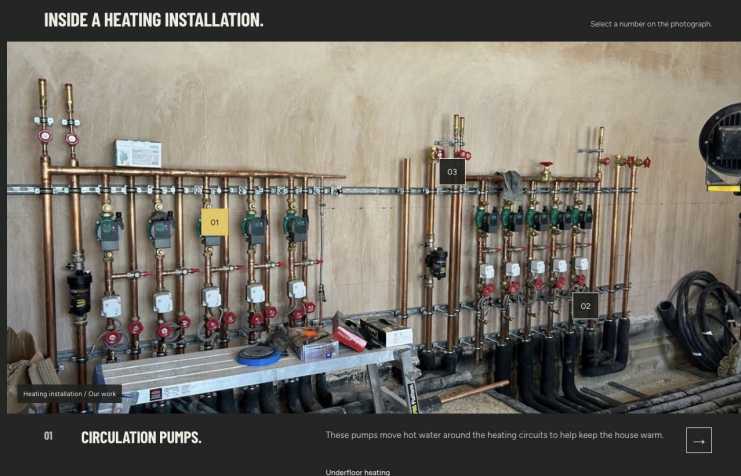

HEATING AND PLUMBING

A website for an established heating and plumbing business in Moneyreagh, built around its services and photographs of completed work.

Homepage on desktop and mobile

A CLOSER LOOK

Numbered details explain a heating installation.

Visit brianhoggheatingandplumbing.co.uk

Services explained

Dedicated pages cover boilers, underfloor heating, plumbing and bathrooms.

Work people can see

A photo gallery and interactive installation section show the work in context.

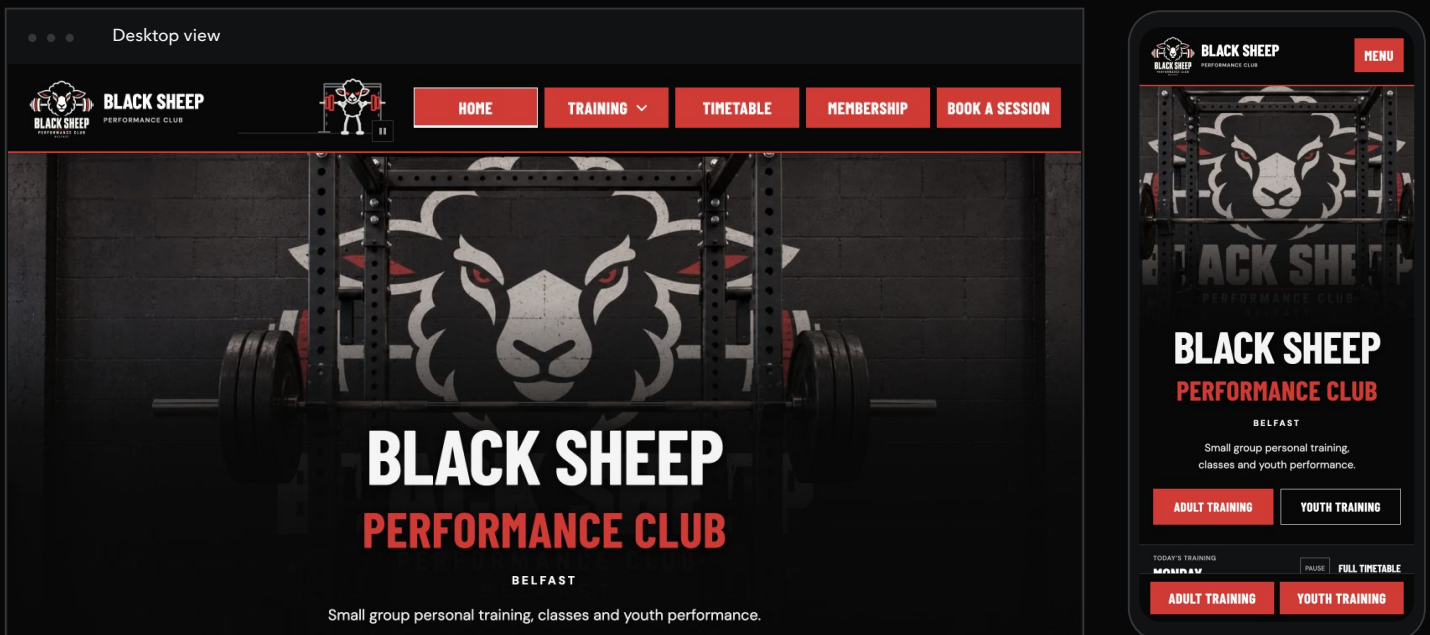

Easy to get in touch

Call and email links sit alongside an enquiry form with a review step.

BLACK SHEEP

PERFORMANCE CLUB

A website for a Belfast performance club, with separate routes into adult and youth training and a timetable people can explore by day and session type.

Homepage on desktop and mobile

A CLOSER LOOK

WEEKLY TIMETABLE

All sessions							View full week ↗	
• Small group PT • Classes • Youth								
MON	TUE	WED	THU	FRI	SAT	SUN		
10:00 AM	Glutes & Core				• Group class		✎	
12:30 PM	Lunch Express 45-minute session				• Small group PT		✎	
5:00 PM	Youth Performance				• Youth performance		✎	

The timetable brings days, training types and session details into one place.

■ A timetable you can filter

Visitors can choose a day or training type, then open the session details.

■ Adult and youth training

Separate pages help people find the training that is relevant to them.

■ A bit of personality

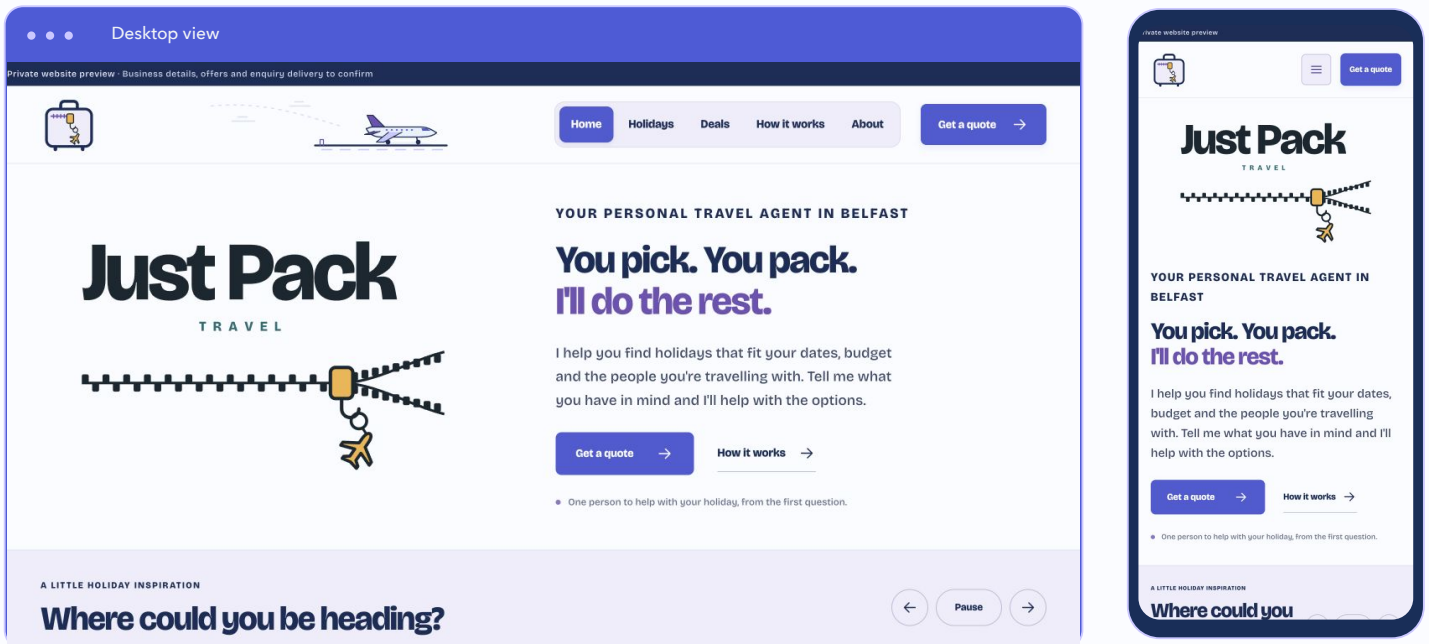

A custom sheep animation walks into the squat rack in the desktop header.

Website preview. Session details, pricing and the booking route still need to be confirmed.

Just Pack Travel

Our own travel website, built around the supplied logo, destination photography and a blue and purple palette.

Homepage on desktop and mobile

A closer look

- **Destination inspiration**

A moving gallery can be paused or browsed with arrows, a swipe or the keyboard.

- **The brand in motion**

A plane lands in the desktop header, alongside the suitcase and zip identity.

- **Room to plan a holiday**

The pages explain the service and give visitors space to describe their plans.

Visitors can browse 12 destinations using the arrows or swipe controls.

Private preview. Business details and enquiry delivery are still being finalised before launch.

Got a website in mind?

Whether you're starting a business or your current website needs a rethink, tell me what you have in mind and we can work out what you need.

01

Starting from scratch

We'll help you work out the pages, content and features your new business needs.

02

Updating an existing website

We can look at what's working, what needs changing and how the site should feel.

03

Domain, hosting and ongoing care

We can arrange the domain and hosting, with a small monthly fee and agreed support limits.
